One key word can revolutionize any marriage according to Dr. Emerson Eggerichs, author of the book "Love & Respect." Eggerichs says happiness & harmony are not achieved by love alone. Yes, love is vital, especially for the wife, but the author says, a husband's need for respect is equally important. God designed him to need respect. For the past 30 years, we have heard much about love, but the divorce rate among evangelicals has continued to rise. Come learn the important other half of the equation.
